JMeter: Performance and Load Testing

2023

UDEMY

Cypress: Web Automation Testing

2023

UDEMY

Playwright/ Typescript/ Javascript

Skills

- JavaScript
- Node.js
- Git
- Github
- HTML
- CSS
- Playwright
- React.js
- Angular
- Typescript
- Cypress
- Postman
- Puppeteer
- Apache JMeter
- Excel
- Jira
- Monday
- Selenium

Experience / Projects

QDETECT

2023

For this client, manual tests were conducted to document test cases, bugs were logged in Monday, automated flows were created using Cypress, and performance testing was performed to assess performance using JMeter.

Tools: Cypress / Excel / JMeter / Manual Testing

VEMIDOC

2023

For this client, I specialized in manual testing, covering design, execution, and bug documentation in Jira for the mobile application. Additionally, I focused on identifying user flows and organizing the scope for manual testing

Tools: Jira/ Excel

OLIN ADT

Actual

I played the role of SDET, creating specialized documents for each client based on their requirements, such as the Test Plan and Testing Reports. Additionally, I designed and executed automated tests using Cypress, conducted performance tests with JMeter, and carried out API testing with Postman.
